

### **REMARKS - General**

Applicant has amended claim 122 so that it now depends on claim 119 instead of the canceled claim 120. As the previously presented claim 119 and the canceled claim 120 are identical, the currently amended claim 122 is identical in form and content to the original version of the claim 122 that was previously presented in Amendment D on March 9, 2004.

Applicant has amended claims 116, 126 and 139 to delete redundant text or punctuation marks that Applicant inadvertently included in the original versions of the claims 116, 126 and 139 that were previously presented in Amendment D on March 9, 2004.

Applicant has amended claims 147 and 148 to define the invention more particularly.

Applicant has included a complete listing of all of the claims in compliance with 37 CFR 1.121.

### **Conclusion**

Applicant submits that the claims are now in proper form and that the claims all define patentably over the prior art. Therefore Applicant submits that this application is now in condition for allowance, which action Applicant respectfully solicits.

### **Conditional Request For Constructive Assistance**

If, for any reason this application is not believed to be in full condition for allowance, Applicant respectfully request the constructive assistance and suggestions of the Examiner pursuant to M.P.E.P. § 2173.02 and § 707.07(j) in order that the undersigned can place this application in allowable condition as soon as possible and without the need for further proceedings:
